

bird

Tweet like a bird.

Bring pinched fingers in front of your mouth and open and closer, just like a birds beak.

Colour up your own bird with bright colours and patterns. Cut out the shapes and join the pieces together. Use an old toilet paper roll or just roll up a piece of light cardboard to make up the birds body. Use the tabs on the circle to join your pieces together.

Fold all four feet forward to stand your dog upright.

COLOUR YOUR BIRD
